- The HUB Coffee shop & store
- Next to city of Boulder trail system and businesses
- Air conditioned rooms
- Wired high-speed Internet connectivity and cable service to all student units.
- Close to Coors Event Center
- Close to local & regional bus stops
- Close to Fiske Planetarium
- Close to Center for Community (C4C)
- The UPS Store located in Kittredge Central North

The Leadership RAP at Kittredge Central

Gives students the skills to:
- Strengthen citizen problem solving skills
- Understand how institutions and communities solve problems and the different leadership styles needed to work effectively in each setting
- Build a sense of community among themselves in the classrooms and through Leadership events.
- Expand conceptions of leadership beyond the context of position and power
- Promote social responsibility and citizenship, emphasizing the development of community leaders for all sectors of society
- Explore complex social problems utilizing collaborative processes
- Apply various modes of inquiry and knowledge to the study and practice of leadership
- Exercise moral judgment, imagination and courage in the practice of leadership

The Ethnic Living and Learning Community Leadership Studies Program (ELLC) is an intentional multicultural community created on the ELLC residential floors. It provides an exceptional opportunity to learn about the influence of culture on our daily lives and the skills necessary to becoming successful leaders in diverse groups and environments.

Our curriculum calls for students to learn about their own values and belief systems as well as the values and belief systems of others. Cultural competency is developed when students are able to integrate this knowledge into their practice of leadership.

In addition to theory, our courses provide exposure to a wide variety of leadership models to help students identify their own leadership strengths and qualities. Exploring ways to work more effectively with others we learn about various cultures and social economics within communities. This curriculum leads to a more comprehensive understanding of socially just leadership.

Opportunities for service learning and service projects are a structured part of the curriculum. Participating in the community is an important facet of leadership development.

Lastly the residential feature of the program in Kittredge Central offers students great opportunities to interact in the classroom and on their residence hall floors. Students quickly create a supportive, tight knit community that helps them adjust to life at CU.

The Chancellor’s Leadership Studies Program (CLSP) is designed for students who want to make a positive impact on the lives of others. It educates students for leadership roles in local and international settings.

In addition to theory, our courses provide exposure to a wide variety of leadership models to help students identify their own leadership strengths and qualities. Exploring ways to work more effectively with others we learn about various cultures and social economics within communities. This curriculum leads to a more comprehensive understanding of socially just leadership.

Opportunities for service learning and service projects are a structured part of the curriculum. Participating in the community is an important facet of leadership development.

The Leadership RAP at Kittredge Central is the home of two outstanding studies programs, the Chancellor’s Leadership Studies Program (CLSP) and the Ethnic Living and Learning Community Leadership Studies Program (ELLC). Courses in both programs focus on the study and practice of leadership for the purpose of educating culturally competent leaders who champion an ethic of civic and social responsibility.

Learning in the RAP also happens outside the classroom. Students in both programs attend Leadership Summits and Co-Curricular events. Guest speakers and panels are brought in to enhance leadership knowledge.

A non-refundable one-time program fee of $850 is charged to the student’s fall bill.

Scholarships may be available for students. Please consult our websites for details.

Every student in the Leadership RAP is invited to work towards a four year Certificate in the Study and Practice of Leadership or a Leadership Studies Minor. All courses offered by the Leadership RAP can be applied towards the certificate or minor degree. For more information about these two options please check out the following links.
